

Please Support Research

Do you know someone who has seen something like a living pterosaur? Please contact me by email. If you would like to help with the research, do one or more of these:

1. Link to this blog from your own blog or some other web page
2. Let others know about this blog and modern-pterosaur research
3. Purchase the nonfiction book "Live Pterosaurs in America" (by Jonathan Whitcomb)
4. Comment on some of the posts you find on this blog

Thank you for your support.
